A reliable and quality tenant

Our nationwide store expansion continues and we are actively seeking new locations now. We know the towns and the positions in those towns where we want to be, so we can provide a speedy response to any property you offer.

Our requirements

We are looking for stores offering between 3,000 and 6,000 square feet of sales space with 1,500 to 2,000 square feet of storage. Our plans are to acquire new stores during 2011 and 2012 from the towns on our list. However, we are willing to consider outstanding locations in other towns including in town and out of town and arterial road locations.

Cardiff
